

FOOT-OF-THE-LADDER DELIVERY CART

DECREASE YOUR COMPANY'S CARBON FOOTPRINT

while increasing efficiency. NICOR's FOTL delivery carts make it easy to deliver large quantities of fixtures to any project site faster and with less chance for damage. Utilize the large carrying capacity of the FOTL to ship a variety of products including linear fixtures, downlights, vaportites and more. The included anti-static mats help prevent electrical damage to the fixtures in shipment and handling. Our industrial grade caster wheels make it easy to maneuver on both rough surfaces or smooth flooring. The four 6" wheels come with two brake casters. Kick cardboard to the curb and order NICOR's FOTL today!
